What isn't a series? Series was designed to cover groups of books generally understood as such (see Wikipedia: Book series). Like many concepts in the book world, "series" is a somewhat fluid and contested notion. A good rule of thumb is that series have a conventional name and are intentional creations, on the part of the author or publisher ...

### **Mercenaries Wiki | Fandom**

Brian Larson shows a remarkable talent for uneven writing in his Undying Mercenaries series: for every book that is a hoot, there are two or three that are as dull as mud.Storm World fails to even qualify as mud: it is more like sticky brown drizzle. The series has a promising premise, depicting the rise of humanity from mere servants to the advanced galactics to a true regional power, usually ...
