James Maxwell (Author of Enchantress) - Goodreads

Introduction. Iron Tides places us in command of a band of Viking raiders as they attempt to establish a permanent base in a stormy sea full of pirates and high tech mercenaries. Crash Wave Games' debut title mixes exploration with turn based battles, and dead warriors will not come back to life, so we'll have to choose our enemies wisely and know when to retreat if things go south.

The new study shows that these clouds fertilize the water off the West Florida coast with iron. Plant-like bacteria use that iron to set the stage for red tides. When iron levels go up, these bacteria, called Trichodesmium, fix nitrogen in the water, converting it to a form usable by other marine life. The addition of biologically usable ...
